Proposal under item 15(a); Resolution on adoption of an employee stock option and warrant programme

General

The Board of Directors proposes that the Meeting resolves to adopt an employee stock option and warrant programme for the employees of the Company and its subsidiaries (the "**Programme**").

The rationale for the proposal is to achieve optimum alignment of interests between the employees and the shareholders in Company, to create conditions for retaining and recruiting competent personnel to the Episurf group and to drive performance among the employees. The Board of Directors is of the opinion that the Programme is in the favour of Episurf and its shareholders.

The Programme means that the participants will, in accordance with the below (i) be entitled to subscribe for a certain number of warrants of series 2017/2020 (A) (the "**Incentive Warrants**") for a price calculated in accordance with the below, and (ii) be allotted a certain number of employee stock options (the "**Stock Options**") free of charge.

The Programme is proposed to comprise all employees in the Episurf group as of the date of this notice (27 persons). No more than 117,400 Incentive Warrants and no more than 513,700 Stock Options will be issued. This implies a maximum dilution of 2.0 per cent of the share capital and 1.4 per cent of the votes in the Company.

Allocation, etc.

The Incentive Warrants shall be allocated in accordance with the following.

- a) the acting CEO is entitled to subscribe for up to 15,000 Incentive Warrants;
- b) the other members of the senior management (four persons) are entitled to subscribe for 8,000 Incentive Warrants each (i.e. a total of 32,000 Incentive Warrants);
- c) the other participants (22 persons) are entitled to subscribe for 3,200 Incentive Warrants each. (i.e. a total of 70,400 Incentive Warrants).

The Stock Options shall be allocated in accordance with the following. Each participant is proposed to be allotted, free of charge:

- a) 6,000 Stock Options (except the acting CEO, who is allotted 10,000 Stock Options), plus
- b) 350 Stock Options per month he or she has been employed by the Episurf group, plus
- c) one (1) Stock Option for each Employee Warrant subscribed for in accordance with the below.

Stock Options

Provided that the participant is still employed by the Episurf group at the exercise of the options, each Stock Option entitles the employee to purchase one share of series B in the Company during the period from and including 1 June 2020 until and including 31 May 2021. The price for the shares of series B shall be equal to an amount corresponding to 130 per cent of the average volume weighted share price for the Company's share of series B on Nasdaq Stockholm during the period from and including 15 May 2017 until and including 19 May 2017 (the "**Calculation Period**"), provided however that the purchase price shall never be less than the quota value of the share.

The Stock Options may not be transferred or pledged.

In case of special circumstances, the Board of Directors shall be authorised to resolve that Stock Options may be kept and exercised despite the fact that the employment in the Episurf group has ceased, for example due to illness.

The Board of Directors shall be entitled to make adjustments to the Programme if significant changes in the Episurf group, or its markets, result in a situation where the decided terms and conditions for exercising the Stock Option are no longer appropriate.

Incentive Warrants

The Incentive Warrants are issued for a price corresponding to the Incentive Warrants' market value calculated according to the Black & Scholes formula based on the volume-weighted average of the price for the Company's share of series B on Nasdaq Stockholm during the Calculation Period. Each Incentive Warrant entitles its holder to subscribe for one (1) share of series B in the Company during the period from and including 1 June 2020 until and including 31 May 2021 for a subscription price corresponding to 130 per cent of the volume-weighted average of the price for the Company's share of series B on Nasdaq Stockholm during the Calculation Period.

Proposal under item 15(b); Resolution on an issue of warrants of series 2017/2020(A)

As further described under item 15(a) above, the Board of Directors proposes that the Company shall issue a maximum of 117,400 Incentive Warrants. The right to subscribe for the Incentive Warrants shall, with deviation from the shareholders' preferential rights, belong to employees of the Episurf group. Subscription of the Incentive Warrants shall take place on a separate subscription list not later than 30 June 2017. Payment shall be made no later than on the same date.

The increase of the Company's share capital will, upon exercise of the Incentive Warrants, amount to not more than approximately SEK 35,249.81 calculated as per the date of this notice.

Proposal under item 15(c); Resolution on an issue of warrants of series 2017/2020(B) and approval of transfers of warrants of series 2017/2020(B)

To ensure delivery of shares to holders of Stock Options, the Board of Directors proposes that the Company shall issue a maximum of 513,700 warrants of series 2017/2020(B) ("**Hedge Warrants**"). The right to subscribe for the Hedge Warrants shall, with deviation from the shareholders' preferential rights, belong to Episurf Operations AB (the "**Subsidiary**"), a wholly-owned Swedish subsidiary of the Company.

The Hedge Warrants shall be issued to the Subsidiary without compensation and subscription shall take place on a separate subscription list not later than on 30 June 2017.

Each Hedge Warrant entitles the holder to subscribe for one new share of series B in the Company during the period from and including 1 June 2020 up until and including 31 May 2021. The subscription price shall be equal to an amount corresponding to 130 per cent of the volume-weighted average of the price for the Company's share of series B on Nasdaq Stockholm during Calculation Period. The increase of the Company's share capital will, upon exercise of the Hedge Warrants, amount to not more than approximately SEK 154,240.45 calculated as per the date of this notice.

The Board of Directors finally proposes that the meeting approves that up to 513,700 Hedge Warrants during the period from and including 1 June 2020 up until and including 31 May 2021 are transferred by the Subsidiary to participants in the Programme or to third parties in order to ensure delivery of shares of series B pursuant to the Stock Options.

Majority requirements and conditions, etc.

The Board of Directors proposals for resolution pursuant to item 15(a)-(c) above constitute a "package", since the various proposals are dependent on and strongly tied to each other. On account of this, it is proposed that the Meeting only pass one resolution in relation to the above-mentioned proposals with observance of the majority rules that are stated in Chapter 16 of the Swedish Companies Act, meaning that the resolution must be supported by

shareholders representing at least nine tenths of both the votes cast and of the shares represented at the Meeting.

Proposal under item 16; Resolution on authorising the Board of Directors to resolve on new issues of shares

The number of shares, issued by virtue of authorisation of the AGM, shall be equivalent to a maximum of 10 (ten) per cent of the total number of shares at the date of the Meeting.

The board shall be authorised to resolve that shares issued pursuant to the authorisation, wholly or partly, shall be subscribed for against payment in cash, in kind or by right of set-off.

New shares issued by virtue of authorisation shall be issued at market terms and shall be used by the Company as payment in connection with acquisition of shares or assets or participations in legal entities or in order to capitalise the Company before such acquisition or capitalise the Company in other respects.

A valid resolution under this item must be supported by shareholders representing at least two-thirds of the votes cast as well as the shares represented at the Meeting.
