### **Propelled in Latin America: - Signs a distribution agreement - Presents its drones at EXPOSECURIDAD**

---

Villepinte, France March the 17<sup>th</sup>, 2017 - DRONE VOLT, A French manufacturer of professional drones, has established itself in the Latin American markets. A Colombian company has signed a distribution contract for its drones.

From the 14<sup>th</sup> to the 16<sup>th</sup> of March 2017- stand 2151, DRONE VOLT exhibited its range of "surveillance and security" drones at EXPOSECURIDAD (Mexico), a trade fair known to be a reference for Latin American security.

#### **Latin America is a new territory to conquer**

Following the distribution contract signing with a Colombian company, DRONE VOLT is pursuing its international commercial development strategy to conquer new markets in Latin America.

For the first time, DRONE VOLT exhibited at EXPOSECURIDAD in Mexico City from the 14<sup>th</sup> to the 16<sup>th</sup> of March 2017, with its flagship model from the surveillance and air safety range: the HERCULES 5 UF « Unlimited Flight » for public and industrial safety.

The HERCULES 5 UF is a self-contained monitoring station. It's a wired drone with 24-hour stationary flight ensuring continuous and safe aerial surveillance.

#### **Surveillance drones: a growing interest for Mexico.**

For many years, drones have been part of Mexican institutions' equipment: The Federal Police, the Air Force, the Navy, the CISEN (Centro de Investigación y Seguridad Nacion), the PGR (Procuraduría General de la República). (Legal power of attorney of the state),...
